Schriftguss and Wöllmer called it Hermes; Berthold called it Block. H. Hoffmann designed the basic weight in 1908 and expanded the series after World War One. FB Hermes recalls the German origin of gritty industrial grotesks that had carried the heavy work of everyday factory printing. The smudged prints of wear and rough presswork were built into the design itself. Matthew Butterick rendered this version in four weights; FB 1995

GRUMPY WIZARDS MAKE TOXIC BREWS FOR THE EVIL QUEENS & JACKS. LAZY MOVERS TO quit hard packing of the papier-mâché jewelry boxes. Back at my quaint gardens: jaunty zinnias vie with flaunting phlox. Hark! 4,872 toxic jungle water vipers quietly drop on zebras for meals! New farm hand (who picked just sixteen quinces) proves strong but lazy. For only \$65, jolly housewives made an 'inexpensive' meal of quickly-frozen vegetables. Jaded zombies act quaintly but keep driving their 31 oxen forward. At my grand prix, Mr. J. Blatz was equally vilified for his funky ways. My grandfather spent his day quickly carving wax buzzards, mostly from junk. When we go back to Juarez, Mexico, do we fly over picturesque Arizona? Murky haze enveloped a city as jarring quakes broke forty six windows. Pack my box with five dozen liquor jugs. Will Major Douglas be expected to take these true/false quizzes very soon? A mad box
